ESTANCIA

is **The Town** in the Southwest which offers the best openings for
 homes, business or investment.

Situated in one of the richest valleys in New Mexico, it is the
 distributing point for a large ranching country from which thous-
 ands of sheep and cattle are shipped annually, the supply station for
 the lumber mills in the Manzano mountains 20 miles to the westward
 and county seat of Torrance County. It has an actual present and a
 certain future.

The country surrounding the town is a beautiful level prairie
 with rich sandy loam soil which produces good crops ordinary years
 without irrigation and responds to the application of water with yields
 which are incredible to the uninitiated.

Water for stock and domestic purposes is plentiful at a depth
 of from 12 to 30 feet. More than a million acres of Government land
 is now open for settlement in this favored valley and offers the best
 opportunity in the United States for farm homes.

Residence and business lots are being sold at low rates and in-
 creasing rapidly in value.
